

SOWN History

ORDER NOW

To celebrate 25 years of caring for Enoggera catchment, *Save Our Waterways Now* has commissioned a book recording the history of our organisation and all the magnificent work done by our members to rehabilitate our local creeks.

Due for publication in March 2019, *Save Our Waterways Now: Caring for Enoggera Catchment* will be published as an electronic book available free on the web site www.sown.com.au.

Printed copies will be available only by pre-ordering at a price of \$50 each.

The book will cover:

- SOWN and how it started
- Local history and timeline including Aboriginal history
- Enoggera catchment as a whole, and profiles of Ithaca Creek, Fish Creek and Enoggera Creek
- Learnings, awards and significant projects
- The nursery
- Catchment map with the current sites
- Contribution of local schools, educational activities and materials
- SOWN local catchment groups, the people and history to the present day
