

Planting Guide

.Creebank (inundation)

- *Alpinia caerulea* Native Ginger
- *Alocasia brisbanensis* Cunjevoi
- *Carex appressa* Tall Sedge
- *Carex polyantha* Creek Carex
- *Castanospermum australe* Black bean
- *Casuarina cunninghamiana* River She Oak
- *Cissus antarctica* Native Grape
- *Crinum pedunculatum* Brisbane Lily
- *Ficus coronata* Sandpaper fig
- *Ficus fraseri* Creek Sandpaper Fig
- *Gabnia aspera* Gahnia
- *Gabnia sieberiana* Swamp Saw Sedge
- *Glochidion ferdinandi* Cheese Tree
- *Grevillea robusta* SilkyOak
- *Juncus usitatus* Common Rush
- *Lomandra hystrix* Green Matrush
- *Lomandra longifolia* Lemon-scented Matrush
- *Pollia crispata* Pollia
- *Scolopia braunii* Flint Wood
- *Syzigium floribundum* Weeping Myrtle

Creebank (no inundation)

- *Abutilon oxycarpum* Flannel Weed
- *Adiantum atroviride* Common Maidenhair
- *Adiantum hispidulum* Rough Maidenhair Fern
- *Ajuga australis* Australian Bugle
- *Callicarpa pedunculata* Velvet Leaf
- *Caloclaena dubia* False Bracken
- *Choricarpia leptopetala* Brown Myrtle
- *Christella dentata* Binung Fern
- *Dianella caerulea* Blue Flax Lily
- *Doodia aspera* Rasp Fern
- *Gymnostachys anceps* Settler's Twine
- *Lomandra laxa* Delicate Matrush
- *Lomandra multiflora* Flowering Matrush
- *Lomandra spicata* Rainforest Lomandra
- *Oplismenus aemulus* Basket Grass
- *Ottobloa gracillima* Ottobloa
- *Pellaea paradoxa* A Fern
- *Proiphys cunninghamii* Brisbane Lily
- *Pseuderanthemum variabile* Love flower
- *Viola betonicifolia* Native Violet

Dry Rainforest Shrubs

- *Alchornea ilicifolia* Native Wattle
- *Austromyrtus dulcis* Midjimberry
- *Auranticarpa rhombifolia* Diamond-leaved Pittosporum
- *Breynia oblongifolia* Breynia
- *Bursaria spinosa* Blackthorn
- *Canthium buxifolium* Stiff Canthium
- *Carissa ovata* Currant Bush
- *Diospyros australis* Black Plum
- *Diospyros fasciculosa* Grey ebony
- *Diospyros geminata* Queensland Ebony
- *Dodonaea triangularis* Hop Bush
- *Dodonaea triquetra* Large-leaved Hop-bush
- *Drypetes deplanchei* Yellow Tulipwood
- *Eupomatia laurina* Bolwarra
- *Hibiscus heterophyllus* Native Hibiscus
- *Maytenus bilocularis* Orangebark
- *Maytenus disperma* Orange Bush
- *Maytenus silvestris* Narrow-leaved Orange Bush
- *Micromelum minutum* Lime Berry
- *Pavetta australiensis* Pavetta
- *Rhodamnia argenta* Silver Myrtle
- *Rhodamnia rubescens* Scrub Turpentine
- *Rubus probus* Native Raspberry
- *Pipturus argenteus* Native Mulberry
- *Rapanea variabilis* Muttonwood
- *Rhodospaera rhodanthema* Deep Yellowwood
- *Tabernaemontana pandacaqui* Banana Bush
- *Trema tomentosa* Native Peach
- *Wikstroemia indica* Tie Bush

Dry Rainforest Trees

- *Acmena smithii* Lilly Pilly
- *Acronychia laevis* Glossy Achronychia
- *Alectryon tomentosus* Hairy Alectryon
- *Alphitonia excelsa* Soap Tree
- *Aphananthe philippinensis* Rough Leaved Elm
- *Arytera foveolata* Pitted Coogera
- *Backhousia myrtifolia* Grey Myrtle
- *Baloghia inophylla* Scub Bloodwood
- *Brachychiton discolor* Lacebark
- *Bridelia exaltata* Scrub Ironbark
- *Callistemon salignus* Willow Bottlebrush
- *Callistemon viminalis* Creek Bottlebrush

- *Castanospermum australe* Black Bean
- *Clerodendrum tomentosum* Hairy Lollybush
- *Cordyline Petiolaris* Palm Lily
- *Cryptocarya laevigata* Glossy Laurel
- *Cryptocarya microneura* Murrogun
- *Cryptocarya triplinervis* Three Veined Laurel
- *Cupaniopsis anacardioides* Tuckeroo
- *Cupaniopsis parvifolia* Smal-leaved Tuckeroo
- *Cyclophyllum longipetalum* Coast Canthium
- *Daphnandra sp* Daphnandra
- *Denhamia celastroides* Denhamia
- *Diospyros geminata* Scaly Ebony
- *Drypetes deplanchei* Yellow tulip
- *Ekbretia acuminata* Koda
- *Elaeocarpus obovatus* Hard Quandong
- *Elattostachys xylocarpa* White Tamarind
- *Euroschinus falcata* Ribbonwood
- *Flindersia Australis* Crow's Ash
- *Glochidion ferdinandi* Cheese tree
- *Guioa semiglauca* Guioa
- *Harpullia pendula* Australian tulipwood
- *Homalanthus nutans* Native Bleeding Heart
- *Hymenosporum flavum* Native Frangipani
- *Jagera pseudorbis* Foambark
- *Mallotus claoxyloides* Smell of the Bush
- *Mallotus philippensis* Red Kamala
- *Notolaea longifolia* Native olive
- *Olea paniculata* Maulwood
- *Pittosporum multiflorum* Orange Thorn
- *Pittosporum revolutum* Brisbane Laurel
- *Pittosporum undulatum* Sweet Pittosporum
- *Rhodomyrtus psidioides* native guava
- *Scolopia braunii* Flint Wood
- *Sterculia quadrifida* Peanut Tree
- *Streblus brunonianus* Whalebone Tree
- *Vitex lignum-vitae* Lignum-vitae

Vines

- *Aphanopetalum reinosum* Shiny Leaved Gum Vine
- *Austrosteenisia blackii* Blood Vine
- *Calamus muelleri* Lawyer Vine
- *Callerya megasperma* Native wistaria
- *Cayratia clematidea* Slender Grape
- *Celastrus subspicatu* Large Leaved Staff Vine
- *Cissus opaca* Small-leaved Grape
- *Cissus hypoglauca* Five-leaved Grape
- *Cissus sterculifolia* Long-leaved grape
- *Derris involuta* Native Derris
- *Dioscorea transversa* Native Yam
- *Diplocyclos palmatus* Striped Cucumber
- *Echinostephia aculeata* Prickly Snake Vine
- *Embelia australiana* Embelia
- *Eustrephus latifolius* Wombat Berry
- *Geitonoplesium cymosum* Scrambling Lily
- *Hardenbergia violacea* Hardenbergia
- *Kennedia rubicunda* Running Postman

- *Legnephora moorei* Round-leaf Vine
- *Maclura cochinchinensis* Cockspur vine
- *Pararistolochia praevenosa* Richmond Birdwing Vine
- *Parsonsia straminea* Monkey Rope
- *Pandorea pandorana* Wonga Vine
- *Pleogyne australis* Pleogyne
- *Ripogonum album* White Supplejack
- *Ripogonum brevifolium* Small-leaved Supplejack
- *Sarcopetalum harveyanum* Pearl Vine
- *Stephania japonica* Tape Vine
- *Smilax australis* Austral Sarsparilla
- *Tetragium nitens* Native Grape

Dry, higher areas, poor soils

- *Acacia spp* (all the local ones, especially *A. complantata*, *concurrents*, *disparima*, *fimbriata*, *falcata*, *irrorata*, *maidenii*, *melanoxydon*, *penninervis*, *perangusta*, *podalyrifolia*, *ulicifolia*)
- *Alyxia Ruscifolia* Chain Fruit
- *Angophora subvelutina* Red Apple
- *Araucaria cunninghamii* Hoop Pine
- *Corymbia spp.* (all the local ones especially *C. citriodora*, *henryi*, *tesellaris*)
- *Dianella longifolia* Dianella
- *Eucalyptus spp* (all the local ones especially *E. carnea*, *microcorys*, *major*, *propinqua*, *siderophloia*, *tereticornis*)
- *Goodenia rotundifolia* Star Goodenia
- *Grasses* (Kangaroo Grass, Barbed Wire Grass, Arundinella etc.)
- *Hovea acutifolia* Pea Bush
- *Indigofera australis* Indigofera
- *Jacksonia scoparia* Dogwood
- *Lepidoderma laterale* Variable Sword Sedge
- *Lophostemon spp* Brush Box, Swamp Box
- *Macadamia integrifolia* Queensland Nut Tree
- *Petalostigma pubescens* Quinine bush

Bush Care Tips

There are 3 stages in bushcare, don't get them out of order! If you do, you will be weeding forever!

Stage 1 Control phase Weed, mulch, poison, terraform, wait for regrowth, re-weed, re-poison

Stage 2 Pioneer phase Plant Lomandras (*thickly*) and pioneers like Poison Peach, Native Mulberry, Hibiscus, Quandongs, Casuarinas achieve canopy and understory. (Search *plants to plant* on the web site for *fast growing* from the dropdown. NB: You can *never, repeat never*, plant lomandras too thickly!

Stage 3 Biodiversity phase Infill with more species, slower growing species, rare species etc.
