

## Walking the Creek – Nicholas Park Bushcare Group 11 November 2022 – plants list and diameters for iNaturalist

Final 23 March 2023

### Upstream (west) of causeway behind TGSHS – Brendan McIntyre group

- 1N - *Elaeocarpus obovatus* – Hard quandong – trunk diameter 12 cms
- 2N - *Guioa semiglauc*a – Wild quince – 12 cms
- 3N - *Hymenosporum flavum* – Native frangipani – 6 cms
- 4N - *Guioa semiglauc*a – Wild quince – 2 cms
- 5N - *Jagera pseudorhus* – Foambark – 31 cms
- 6N - *Glochidion ferdinandi* – Cheese tree – 17 cms
- 7N - *Backhousia subargentea* (prev. *Choricarpia*) – Giant ironwood – multi 12, 10 cms
- 8N - *Backhousia myrtifolia* – Grey myrtle – 17 cms
- 9N - *Backhousia myrtifolia* – Grey myrtle – 15 cms
- 10N - *Glochidion ferdinandi* – Cheese tree – multi 22, 10, 14, 9 cms
- 11N - *Lophostemon suaveolens* – Swamp box – 13 cms
- 12N - *Streblus brunonianus* – Whalebone tree – multi 17, 19 cms
- 13N - *Elaeocarpus obovatus* – Hard quandong – 59 cms
- 14N - *Legnephora moorei* – Round-leaved vine – 3 cms
- 15N - *Aphanopetalum resinosum* – Gum vine – 3 cms
- 16N - *Acacia melanoxylon* – Blackwood – 47 cms
- 17N - *Commersonia bartramia* – Brown kurrajong – multi 26, 8 cms
- 18N - *Commersonia bartramia* – Brown kurrajong – multi 66, 8, 8 cms
- 19N - *Pararistolochia praev*enosa – Richmond birdwing vine – multi 8, 8, 6 cms
- 20N - *Aphananthe philippinsis* – Rough-leaved elm – 19 cms
- 21N - *Alchornea illicifolia* – Native holly – multi 10, 4, 4 cms
- 22N - *Rhodamnia rubescens* – Scrub turpentine – multi 3, 2 cms
- 23N - *Denhamia bilocularis* (prev. *Maytenus*) – Orangebark – multi 2, 1 cms
- 24N - *Macadamia integrifolia* – Macadamia nut – 6 cms
- 25N - *Castanospermum australe* – Black bean – 8 cms
- 26N - *Waterhousea floribunda* - Weeping lilly pilly – multi 31, 30, 22, 15, 27, 8, 37 cms
- 27N - *Elaeocarpus obovatus* – Hard quandong – multi 40, 5, 8 cms
- 28N - *Ficus* sp. – multi 64, 64 cms
- 29N - *Ficus* sp. – multi 64, 29 cms
- 30N - *Macaranga tanarius* – Macaranga – multi 18, 19 cms
- 31N - *Notelaea longifolia* – Long-leaved mock olive – multi 15, 14 cms

### Downstream (east) of causeway behind TGSHS – Rob Price group

- 100 - *Waterhousea floribunda* – Weeping lilly pilly – multi 69, 11, 6, 18, 24 cms
- 101 - *Castanospermum australe* – Black bean – 40 cms
- 102 - *Waterhousea floribunda* – Weeping lilly pilly – multi 50, 6 cms
- 103 - *Waterhousea floribunda* – Weeping lilly pilly – multi 63, 13, 8, 16, 53 cms
- 104 - *Elaeocarpus grandis* – Blue quandong – 36 cms
- 105 - *Waterhousea floribunda* – Weeping lilly pilly – 62 cms

- 106 - *Waterhousea floribunda* – Weeping lilly pilly – multi 35, 11 cms – chunky base
- 107 - *Waterhousea floribunda* – Weeping lilly pilly – multi 44, 14 cms
- 108 - *Guioa semiglauc*a – Wild quince – 20 cms
- 109 - *Eucalyptus tereticornis* – Qld blue gum – 78 cms
- 110 - *Maclura cochinchinensis* – Cockspur thorn vine – multi 11, 4 cms
- 111 - *Rhodospaera rhodantha*em – Deep yellowwood – 38 cms
- 112 - *Jagera pseudorhus* – Foambark – 26 cms
- 113 - *Waterhousea floribunda* – Weeping lilly pilly – multi 130, 7 cms
- 114 - *Brachychiton acerifolius* – Flame tree – 33 cms
- 115 - *Waterhousea floribunda* – Weeping lilly pilly – multi 74, 25, 16 cms
- 116 - *Waterhousea floribunda* – Weeping lilly pilly – multiple small trunks and too many to measure
- 117 - *Elaeocarpus obovatus* – Hard quandong – 118 cms – biggest on creek so far
- 118 - *Elaeocarpus obovatus* – Hard quandong – 46 cms
- 119 - *Corymbia citriodora variegata* – Spotted gum – 47 cms
- 120 - *Casaurina cunninghamiana* – River oak – 70 cms
- 121 - *Waterhousea floribunda* & *Ficus benjamina* – Weeping lilly pilly and Weeping fig together – total 166 cms
- 122 - *Casaurina cunninghamiana* – River oak – 41 cms
- 123 - *Casaurina cunninghamiana* – River oak – 58 cms
- 124 - *Casaurina cunninghamiana* – River oak – 43 cms
- 125 - *Cryptocarya microneura* – Murrogun – multi 31, 10, 26 cms
- 126 - *Ficus rubiginosa* – Rock fig – 116 cms, measured at base
- 127 - *Eucalyptus tereticornis* – Qld blue gum – 120 cms – around 350 years old
- 128 - *Lophostemon suaveolens* – Swamp box – 20 cms
- 129 - *Parsonsia straminea* - Monkey rope vine – 11 cms
- 130 - *Casaurina cunninghamiana* – River oak – 90 cms
- 131 - *Parsonsia straminea* - Monkey rope vine – 12 cms
- 132 - *Elaeocarpus grandis* – Blue quandong – 36 cms
- 133 - *Brachychiton acerifolius* – Flame tree – 25 cms
- 134 - *Elaeocarpus grandis* – Blue quandong – 29 cms
- 135 - *Elaeocarpus grandis* – Blue quandong – 49 cms
- 136 - *Casaurina cunninghamiana* – River oak – 56 cms
- 137 - *Parsonsia straminea* – Monkey rope vine – 9 cms
- 138 - *Elaeocarpus grandis* – Blue quandong – 50 cms
- 139 - *Ficus virens* – White fig – 51 cms
- 140 - *Eucalyptus tereticornis* – Qld blue gum – 134 cms – Rob says around 350 to 400 years old
- 141 - *Dendrocnide photinophylla* – Shiny-leaved stinging tree – 25 cms
- 142 - *Eucalyptus tereticornis* – Qld blue gum – 100 cms
