

2008 WEEDS CALENDAR

BEAUTIFUL! SCARY! INFORMATIVE! EDUCATIONAL! PRACTICAL! USEFUL!

ONLY \$10
plus postage

In this calendar we show the most attractive features of some of our worst weeds. These stunning super-high quality photos by renowned local artist Mark Crocker will amaze you with their beauty. After all, most of our bad weeds have escaped from gardens where they were once highly-prized ornamentals, grown for their attractive foliage or flowers.

A Great Christmas Gift Idea!

These gorgeous close-ups are the pretty faces (mug shots) of the environmental vandals SOWN members battle with – day in, day out. To make identification (and eradication) easier the weeds have been photographed in season, mostly when they are flowering, or when they have characteristic foliage. Each A3 spread has its A4 weed photo and paragraph on DESCRIPTION, WHY IT'S BAD, CONTROL, and NATIVE ALTERNATIVE (with photo). A draft of all the pages is on our web site in the "Weeds to Whack" section [www.sown.com.au].

The calendar page has plenty of space for birthdays, appointments, reminders. It's a very practical calendar. 24 pages (12 months) printed on high quality recycled gloss paper with a 4 page wrap-around card cover with introduction. Punched with hanging hole at the top.

TO ORDER YOUR COPIES

The 2008 SOWN Weeds Calendar is available by mail, fax order or directly from The Gap Ward Office during business hours.

I wish to order the 2008 Weeds Calendar:

Quantity [] @ \$10 each

Name _____
