

Planning Your Patch.

A guide to Mapping and Prioritising Weeds for Control.

What: This workshop will provide an overview of the methodology used by the Kedron Brook Catchment Branch to map and prioritise weeds for control at both an individual site and catchment scale.

Specific topics to be covered include how to determine priority sites and weeds, mapping and survey methodology, and data management, software, analysis and presentation.

When: Sunday November 19.

Time: 8:45am—12:30pm, followed by lunch.

Where: Wahminda Scout Hut,
Samford Road, Ferny Grove UBD Ref 117 F17
Look for *Scouts* sign opposite Ironbark Gully.
